Functional Testing Report

Test Start Date : 26/8/2022

Retest Start Date: 17/9/2022

Project Target : fairbets.co

Introduction

This report allows the Test Manager to summarize the testing and to identify limitations of the software and the failure likelihood. There should be a Test Summary Report that corresponds to every test plan. In essence, the Test Summary Report is an extension of the test plan and serves to “close the loop” on the plan. This document can be used during change control to summarize testing efforts in preparation for production deployment.
